Subject: CONNECT 2-Hour Hands-On Workshops (11/09-11/13) - REGISTRATION

Hello CONNECTors,

As an opportunity to supplement your learning of CONNECT, either online or from the classrooms, we are offering a number of 2-hour blocks of time to work one-on-one with an instructor. Each 2-hour sessions will be an informal, unstructured format to receive additional instruction on areas that are presenting a challenge for you. Participants can use some of the classroom training exercises to reinforce their learning, or ask for one-on-one support from the moderators in the room.

These are not required training, but instead are meant to give some additional support to augment training that you have already completed – either in a classroom or online. You must have completed some form of training on the particular topic that you would like to cover.

These workshops will be during the week of 11/09 – 11/13. The registration for the optional Hands-On Workshops is now open.

Registration is required. All sessions will be at the JECC in Computer Room A. We ask that you reserve **only one spot** until we are sure that all have had an opportunity to sign-up. Registration will close at noon on Wednesday, 04 November.

Use the link below to register through Sign-Up Genius. You will only receive confirmation from the Sign-Up Genius registration site. CONNECT will not be providing any additional notification.

www.SignUpGenius.com/go/20F0545ADA929A1FA7-connect3

Please contact us at connect@mdcourts.gov if you have any questions or challenges.

Thanks,
The CONNECT Team
