Re: Solicitation No. K09-9081-25S, HP Compaq Desktop Computers;
Amendment No. 2

Dear Interested Party:

The Maryland Judiciary hereby amends the referenced solicitation as follows:

- **Remove Specification for Thin USB Powered Speakers**

The following consists of questions received in reference to RFB No. K09-9081-25S, HP Compaq Desktop Computers and the Maryland Judiciary's response.

Question: Chipset—Is there a specific model for this configuration, Such as HP # ?

Answer: The chipset is specific to the motherboard. The chipset is the Intel Q33 Express. There is no optional chipset for this specific HP.

Question: Video/Graphics/Audio—What is the SATA 48X/32X Combo? Is this a CD/DVD combo and what is the speed of DVD?

Answer: It's CD-RW/DVDRom Combo. It reads DVDs at 32x.

Question: Video/Graphics/Audio—The thin USB Powered speakers do not appear as part of the configuration. Is there something about these and are they really needed?

Answer: No, they are not needed.

Question: Security Accessories—HP Parallel Port Adapter—Since not provided on Motherboard any longer, do you need another card added?

Answer: Yes, the HP that we tested had this card installed. This is a requirement as counties still have printers that are attached locally to PCs through the parallel port.

Question: No monitor is requested? Is this correct?

Answer: Yes.

These are the only changes contemplated by Amendment No. 1. All other terms and conditions are in full force and effect.

Thank you for your interest in doing business with the Maryland Judiciary.

Sincerely,

Anna Pfeifer
Procurement Specialist
