Diagrammatic or schematic indications of piping, duct work and conduit and similar items in the work are subject to field adjustment in order to obtain proper grading, fitting passage over, under or past obstructions, to avoid exposure in finished rooms and unsightly and obstructing conditions. Should any dimensions be missing, AOC’s Contract Manager must be consulted and they will supply them prior to execution of the work. Dimensions for items to be fitted into constructed conditions at the job will be taken at the job and will be the responsibility of the Contractor. Whenever a stock size manufactured item or piece of equipment is specified or is proposed by the Contractor to be furnished, it is the responsibility of the Contractor to determine the actual space requirements for setting or entrance to the setting space. Adjustments in order to accommodate the particular item of equipment furnished by the Contractor will not be allowed.
- 3.3.9 Conformity To Drawings: Unless the Contractor has, in writing, expressly notified the A/E and AOC’s Contract Manager to the contrary at the time of the submission, AOC, the A/E and AOC’s Contract Manager may assume that shop drawings and other submittals from the Contractor are in conformity with the contract documents and do not involve any change in the contract price, do not require any change which will alter the space within the structure or alter the nature of the building or work from that contemplated by the contract documents, and do not constitute a substitution of materials or equipment or a change in the contract or the scope of work. If the Contractor fails to give notice strictly in accordance with this subsection, approval of any shop drawing or submittal shall not be binding on the AOC.

3.3.10 Differing Site Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify AOC's Contract Manager in writing of (1) subsurface or latent physical conditions at the site differing materially from those indicated in this contract, or (2) hitherto unknown and unpredictable physical conditions at the site of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract. AOC's Contract Manager shall promptly investigate the conditions, and if it is found that such conditions do materially so differ and cause an increase or decrease in the contractor's cost of, or the time required for performance of any part of the work under this contract, whether or not changed as a result of such conditions, an equitable adjustment shall be made and the contract modified in writing accordingly.

3.3.10.1 No claim of the Contractor under this clause shall be allowed unless the Contractor has given the notice required in 3.3.10 above; provided, however, the time prescribed therefore may be extended by AOC's Project Manager in writing.

3.3.10.2 No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this contract.

3.3.11 Conditions Affecting The Work: The Contractor shall be responsible for taking steps reasonably necessary to ascertain the nature and location of the work and the general and local conditions which can affect the work or the cost thereof. Any failure by the Contractor to do so will not relieve the Contractor from responsibility for successfully performing the work without additional expense to AOC. AOC is not responsible for any representation or purported agreement concerning conditions or contract requirements made by any AOC employee or representative prior to the execution of this contract, unless such understanding or representation is expressly stated in the contract.

3.3.12 Changes - Miscellaneous:

3.3.12.1 A AOC's Contract Manager unilaterally may, at any time, with or without notice, by written order designated or indicated to be an order, make any change in the work within the general scope of the contract, including but not limited to changes:

- (a) In the specifications (including drawings and designs);
- (b) In the method or manner of performance of the work;
- (c) In the AOC-furnished facilities, equipment, materials, services, or site; or
- (d) In the rate of performance of the work, including acceleration thereof.

B Any other written order or an oral order, including a direction, instruction, interpretation, or determination from the AOC Project Manager that causes or constitutes any such change shall be treated

as a change order under this clause, provided that the Contractor gives the AOC Contract Manager written notice stating the date, circumstances, and source of the order and that the Contractor regards the order as a change order.

- C Except as herein provided, no order, statement, or conduct of the AOC Contract Manager shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment hereunder.
- D Subject to paragraph (F) of this subsection, if any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under the contract, whether or not changed by an order, an equitable adjustment shall be made and the contract modified in writing accordingly. However, except for claims based on defective specifications, no claim for any order under (B) above shall be allowed for any costs incurred more than twenty (20) days before the Contractor gives written notice as therein required. Further, in the case of defective specifications for which the Contractor is not responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective specifications.
- E If the Contractor intends to assert a claim for an equitable adjustment under this Section 3.3.12, he shall, within 30 days after receipt of a written order under (A) above or the furnishing of written notice under (B) above, submit to the AOC Project Manager a written statement setting forth the general nature and monetary extent of such claim, unless this period is expressly extended by the AOC Contract Manager in writing. The statement of claim hereunder may be included in the notice under (B) above. The determination and award of all equitable adjustments shall be in the discretion of AOC subject to F, below.
- F Each contract modification or change order that affects contract price shall be subject to the prior written approval of the AOC Contract Manager and other appropriate authorities and to prior certification of the appropriate fiscal authority of fund availability and the effect of the modification or change order on the project budget or the total construction cost. If, according to the certification of the fiscal authority, the contract modification or change order will cause an increase in cost that will exceed budgeted and available funds, the modification or change order may not be made unless sufficient additional funds are made

available or the scope of the project is adjusted to permit its completion within the project budget.

- G No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment is made under this contract.

3.3.13 Unauthorized Work: The Contractor shall not be paid for any work outside the scope of the contract not authorized in writing by AOC's Contract Manager.

3.3.14 Control By The Contractor: The Contractor shall constantly maintain efficient supervision of the work and the conduct of Contractor's and subcontractor's personnel at the site, using his best skill and coordinating ability. The Contractor shall carefully study and compare all drawings, specifications and other instructions and check them against conditions existing or being constructed on the project. The Contractor shall at once report to AOC's Contract Manager any error, inconsistency, omission or illegal act of omission which he may discover.

3.3.15 Removal Of Non-conforming Work: All work and materials which do not conform to the requirements of the contract will be considered unacceptable.

3.3.15.1 Any unacceptable or defective work, shall be promptly removed and replaced by work and materials which shall conform to the contract requirements or shall be remedied otherwise in an acceptable manner authorized by AOC's Contract Manager.

3.3.15.2 Upon failure of the Contractor to comply promptly with the provisions of this section, the AOC shall have authority to cause defective or unacceptable work to be remedied or removed and replaced and unauthorized work to be removed at the Contractor's expense.

3.3.15.3 Any time lost by the Contractor for correction of unacceptable work shall be made up by the Contractor's expense and shall not for a delay in performance

3.3.16 Materials: All materials shall meet all quality requirements of the contract. In order to expedite the inspection and testing of materials, the Contractor shall notify the AOC Contract Manager in writing, as soon as possible after receipt of notification award of the contract, of the sources from which he proposes to obtain all materials requiring approval, testing, inspection, or certification prior to incorporation into the work.

3.3.16.1 Materials include all: equipment; parts; products; methods of construction or of performing the work which may be the subject of a patent, copyright or other right or restriction governing its use; and processed and unprocessed natural substances required for completion of the contract. The Contractor, in accepting the contract, is assumed to be thoroughly

familiar with the materials required and their limitation as to use and requirements for connection, setting, maintenance and operation. In making this determination, technical factors shall receive greater weight than price factors.
- 5.1.2 The Offer shall be evaluated on the proposed services according to the specifications outlined in this RFP.

5.2 Technical Criteria

- 5.2.1 The criteria to be applied to each technical proposal are listed in descending order of importance:
- Offeror Technical Response to RFP Requirements (RFP Section [blank]). Offeror's response to the requirements in the RFP (Section [blank]) must illustrate a comprehensive understanding of these requirements to include an explanation of how the Offeror will provide the required goods and/or services. Requirement responses such as "concur" or "shall comply" shall receive a lower evaluation ranking than those of Offerors who demonstrate they understand a work requirement and have a plan to meet or exceed it.
 - Offeror Experience and Capabilities (RFP Section [blank])
 - References (RFP Sections [blank])

5.3 Financial Criteria

All qualified Offerors will be ranked from the lowest to the highest price based on their total price proposed on Attachment D – Price Proposal.

- 5.4.1.2 Accordingly, the AOC may hold discussions with all Offerors judged reasonably susceptible of being selected for award, or potentially so. However, the AOC also reserves the right to make an award without holding discussions. In either case,

Offerors who fail to meet these basic requirements i.e, are qualified or potentially qualified will be disqualified and their proposals eliminated from further consideration.
- 5.4.2.2 The next step in the process will be an evaluation for technical merit. During this review oral presentations and discussions may be held with qualified or potentially qualified Offerors. The purpose of such discussions will be to assure a full understanding of the AOC requirements and the Offeror's ability to perform, and to facilitate arrival at a Contract that will be most advantageous to AOC. For scheduling purposes, Offerors should be prepared to make an oral presentation and participate in discussions within two weeks of the delivery of proposals to the AOC. The Procurement Officer will contact Offerors if and when the schedule is set by the AOC.
- 5.4.2.3 Offerors must confirm in writing any oral clarification of, amendment to or change in, their proposals made in the course of discussions. Any such written clarification or change then becomes part of the Offeror's Proposal.
- 5.4.2.4 The financial proposal of each qualified Offeror will be evaluated separately from the technical evaluation. After a review of the financial proposals of qualified Offerors, the Procurement Officer may again conduct discussions to further evaluate the Offeror's entire proposal.
- 5.4.2.5 Upon completion of all discussions and negotiations, reference checks, and site visits, if any, the Procurement Officer shall recommend award of the Contract to the responsible Offeror whose proposal is determined to be the most advantageous to the Judiciary considering evaluation and price factors as set forth in this RFP. The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency working for the Contractor to solicit or secure this agreement, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide salesperson, or commercial selling agency, any fee or other consideration contingent on the making of this agreement.

13. Non-availability of Funding

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal year of this Contract succeeding the first fiscal year, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the AOC's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the AOC from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the Contract. The AOC shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

14. Termination for Cause

If Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the AOC may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the AOC's option, become the AOC's property. The AOC shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the AOC can affirmatively collect damages.

15. Termination for Convenience

The performance of work under this Contract may be terminated by the AOC in accordance with this clause in whole or, from time to time, in part whenever the AOC shall determine that such termination is in the best interest of the AOC. The AOC will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract; however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination.

16. Delays and Extensions of Time

Time is of the essence. The Contractor agrees to perform this agreement continuously and diligently. No charges or claims for damages shall be made by the Contractor for any delays or hindrances, regardless of cause, in the performance of services under this Contract. Time extensions may be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the AOC in either its sovereign or contractual capacity, acts of another Contractor in the performance of a AOC contract, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or the delay of a

subcontractor or supplier arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractor or supplier.

17. Suspension of Work

The AOC unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the AOC.

18. Pre-existing Laws

The applicable statutes and regulations of the State of Maryland in effect at the time of this agreement are incorporated in this agreement.

19. Financial Disclosure

The Contractor shall comply with the provisions of Section 13-221 of the State Finance and Procurement Article of the Annotated Code of Maryland, which requires that every business that enters into contracts, leases, or other agreements with the State of Maryland during a calendar year under which the business is to receive in the aggregate \$100,000 or more, shall, within thirty (30) days of the time when the aggregate value of these contracts, leases or other agreements reaches \$100,000, file with the Secretary of State of Maryland certain specified information, to include disclosure of beneficial ownership of the business.

20. Political Contribution Disclosure

The Contractor shall comply with the provisions of Title 14 of the Election Law of Maryland which require that every person that enters into contracts, leases, or other agreements with the State of Maryland, including its agencies, or a political subdivision of the State during a calendar year under which the person receives in the aggregate \$100,000 or more, shall, on or before February 1 of the following year, file with the State Administrative Board of Election Laws certain specified information to include disclosure of political contributions in excess of \$500 to a candidate for elective office in any primary or general election.

21. Retention of Records

The Contractor shall retain and maintain all records and documents relating to this Contract for three (3) years after final payment by the AOC hereunder or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the AOC, including the Procurement Officer or the Procurement Officer's designee, at all reasonable times.

22. Cost and Price Certification

By submitting cost or price information, the Contractor certifies to the best of its knowledge that the information submitted is accurate, complete, and current as of [Insert proper date]. The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of [Insert proper date] was inaccurate, incomplete, or not current.

23. Subcontracting and Assignment

The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the AOC, nor may the Contractor assign this Contract, or any of its rights or obligations hereunder, without the prior written approval of the AOC. Any such subcontract or assignment shall be subject to any terms and conditions that the Department deems necessary to protect the interests of the AOC. The AOC shall not be responsible for the fulfillment of the Contractor's obligations to subcontractors.

24. Indemnification

- 24.1 The Contractor shall indemnify the AOC against liability for any suits, actions, or claims of any character arising from or relating to the performance of the Contractor or its subcontractors under this Contract.
- 24.2 The AOC has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought by any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract.
- 24.3 The AOC has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract.
- 24.4 The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from or relating to the Contractor's obligations under the Contract, and will cooperate, assist and consult with the AOC in the defense or investigation of any claim, suit, or action made or filed against the AOC as a result of or relating to the Contractor's performance under this Contract.

25. Public Information Act Notice

Offerors shall give specific attention to the identification of those portions of their proposals which they deem to be confidential, proprietary information or trade secrets, and provide any justification of why such materials, upon request, should not be disclosed by the State pursuant to §10-617(d) of the State Government Article, Annotated Code of Maryland, or other law relating to access to public records. *[Including, Maryland Rules of Procedure, Rules 16-1001 through 16-1011. If a request is made to review any part of a proposal the offer may be contacted, as circumstances allow, to express its views on the availability of requested information, however, the final decision on release of any information rests with the Judiciary.]* Failure of the Contractor to identify with particularity information in its offer that it considers confidential, and required by the solicitation, constitutes waiver.

26. Conflict of Interest

- A. "Conflict of interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the AOC, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.
- B. "Person" includes a contractor, consultant, or subcontractor or subconsultant at any tier, and also includes an employee or agent of any of them if the employee or agent has or

will have the authority to control or supervise all or a portion of the work for which a bid or offer is made.

C. The Contractor warrants that, except as disclosed in § D, below, there are no relevant facts or circumstances now giving rise or which could, in the future, give rise to a conflict of interest.

D. The following facts or circumstances give rise or could in the future give rise to a conflict of interest (explain details-attach additional sheets if necessary):

E. The Contractor agrees that if an actual or potential **conflict of interest** arises after the contract commences, the Contractor shall immediately make a full disclosure in writing to the procurement officer of all relevant facts and circumstances. This disclosure shall include a description of actions which the Contractor has taken and proposes to take to avoid, mitigate, or neutralize the actual or potential conflict of interest. If the contract has been awarded and performance of the contract has begun, the contractor shall continue performance until notified by the procurement officer of any contrary action to be taken. The existence of a conflict of interest is cause for termination of the agreement as well as disciplinary action against an employee for whom a conflict exists.

27. **AOC Officer or Employee Impropriety.**

If a Contractor has reason to believe that an officer or employee of the AOC has violated the law or the terms of the AOC's Procurement Policy in the administration of a solicitation or a contract, the Contractor shall notify the State Court Administrator.
