Subject: CONNECT 2-Hour Hands-On Workshops - EARLY REGISTRATION

Hello CONNECTors,

As we discussed during the wrap-up presentation at the end of Thursday's CONNECT Classroom Training, we are opening the registration for the optional Hands-On Workshops to you first. These not required training, but instead are meant to give some additional support with learning CONNECT.

These workshops will be during the week of 11/09 – 11/13. Each 2-hour sessions will be an informal, unstructured format. Participants can use some of the classroom training exercises to reinforce their learning, or ask for one-on-one support from the moderators in the room.

Registration is required. All sessions will be at the JECC in Computer Room A. We ask that you only reserve one spot until we are sure that all have had an opportunity to sign-up. At the end of next week we will open the registration up to the remainder of the CONNECTors Network. Registration will close on Wednesday, 04 November.

Use the link below to register through Sign-Up Genius. You will only receive confirmation from the Sign-Up Genius registration site. CONNECT will not be providing any additional notification.
