Subject: CONNECT Hands-On Workshops - Only 2 Days Left

Hello CONNECTors:

Please make sure that all Judiciary employees around you are aware of these 2-hour Hands-On Workshop sessions.

There are still several spots available during the ***last two days*** and they are a fantastic opportunity for someone to receive some one-on-one tutoring on CONNECT.
Check out the Sign-Up Genius registration link below to see when there are openings.

www.SignUpGenius.com/go/20F0545ADA929A1FA7-connect3

Registration is required. All sessions will be at the JECC in Computer Room A on the lower level.

Those who came by today with their questions were very pleased with these structured “practice labs” and the opportunity to work directly with an instructors on specific challenge areas.

Please remember, you ***must have completed some form of training*** on the particular topic you would like to cover.

As always, please promote the online [CONNECTed Training Library](#).

Thanks,
The CONNECT Team
