## **COVID QUESTIONNAIRE**

To gain faster access into the Court building:

Copy the COVID questionnaire and fill it out before entering the building. Have your client do the same. The questionnaire is in English and Spanish.

This questionnaire is very important and must be answered truthfully. Bailiffs may deny access to the courthouses based on the answers and temperature check. If someone tests positive, this questionnaire will be used for contact tracing. The health department will know who may have had contact with someone infected. Having your phone number will allow you to be notified so that you and your family can be kept safe.

Please also understand that the bailiffs may have to ask people to delay entering the courtrooms or court buildings to maintain proper distancing. The health and safety of our employees, our justice partners, and the public is paramount to the judiciary.

Thank you for your patience and cooperation.
